## WE GENERATE EXCITEMENT.

Since its founding by Andreas Maier in 1890, our company has lived through many exciting times. Today we are the leading manufacturer in Europe, supplying over 5,000 different products from the fields of clamping, screwing and locking. With this extensive product range we can meet all of our customers' needs and requirements. But providing optimal quality means meeting the challenges at all levels: Expert consultation, modern team organisation, individual solutions (including special developments), flexibility in response to changing conditions, etc. And we ourselves find this so exciting that we look forward every day to shaping the market together with our employees and our customers – both now and in the future. That is something you can count on.

### COMPANY HISTORY

- 1890** Company founded by Andreas Maier as a lock manufacturer.
- 1920** Production program extended to include spanners.
- 1928** Production-line assembly of „FELLBACH LOCKS“.
- 1951** With the introduction of clamping elements, AMF diversified into the fields of workpiece and tool clamping.
- 1965** Toggle clamps extend the AMF product range. AMF catalogues are now published in ten languages.
- 1975** Hydraulic clamping marks further specialisation.
- 1982** Clamping and fixture systems round off AMF's clamping expertise.
- 1996** Introduction of the AMF Team Organisation in all business sectors. Quality assurance certified to ISO 9001.
- 2001** Introduction of the AMF Service Guarantee for all products.
- 2004** Introduction of the ZPS zero-point clamping system.
- 2007** The magnetic clamping technology extend the AMF product range.
- 2009** Development and marketing of AMF Vacuum clamping technology

### MANAGING DIRECTORS

> Johannes Maier  
Volker Göbel

### THE AMF SERVICE GUARANTEE

> Assuredly on the way to the top

### 5 Individual development

You cannot find the product you need? Talk to us; we will find the right solution for you – from a special version, right through to a completely new development.

### 4 Warranty

We believe in the high quality of our products. Complaints are dealt with quickly, unbureaucratically and generously – as far as possible, even well-beyond the guarantee period.

### 3 Certified quality

AMF stands for painstaking production in our own works. We have followed this tradition since 1890 – today, of course, with a modern quality assurance system to ISO 9001.

### 2 Short delivery times

From the AMF finished-product stores with over 5,000 articles, we can supply 98 % of orders from stock. And you can be sure that every stock article ordered is dispatched the same day.

### 1 Real technical advice

Many tasks and a multitude of solutions. From AMF Professional Products you can find the right way to solve your problem – fast and reliably – either at your local dealer or with the help of the specialist in our team. Just call us!

### E Made in Germany

It goes without saying that our range of products is developed and manufactured by our team of employees in Germany.

INDIVIDUAL - TO YOUR SPECIFIC REQUIREMENTS

Page 65-67

## YOU NEED AN ADVERTISING OR COMPANY IMPRINT? NO PROBLEM!

All conventional or T-handle screwdrivers in this catalogue can be printed with your individual advertising or company imprint in any desired colour, or in several colours, using the very economical tampon printing process.

If you need a quotation for larger quantities, please let us know how many you require and give details of your imprint (single or multicoloured).

## SPECIAL TOOLS MADE TO YOUR SPECIFIC REQUIREMENTS!

We will manufacture special tools in an extraordinary variety of forms and sizes to the very highest quality.

### MADE-TO-MEASURE.

One of our specialities is the manufacturer of special hand tools to the individual needs of the customer.

Technical perfection is our standard!

### THE CONSEQUENCES OF THIS QUALITY:

- long working life
- precise application of force, and thus
- the greatest possible safety for the user

The latest production methods in our own works. If you need it, we can make it! More starting on page 65!

## 1 > QUALITY FROM AMF

There are very good reasons why a discriminating user should choose the best quality screwdriving tools:

- > rigorous quality control ensures uniform standards;
- > seen as a whole, more economical, because the unproductive time spent while tools are issued is reduced to the essential minimum;
- > in sizes up to ca. 6 A/F, the torque that can be applied by hand may be higher than the test torque that is specified in the relevant standard, with the result that:
  - the wrench deforms, but only breaks under very unfavourable conditions,
  - a modest, but valuable contribution is made to safety in the workplace;
- > the true value of quality tools can only be seen in real, practical use.

## 2 > MATERIAL

Highly alloyed chrome-vanadium steel

- > tested steel sections in verifiably uniform quality from trusted suppliers ensure low wear for a long working-life.

## 3 > MANUFACTURE

- > End faces machined
- > End face up to 10 mm jaw opening chamfered process-sure
- > inspection by sampling at all stages of production

## 4 > EXECUTION

Hardness to DIN standards

- > the values of minimum torque specified for tightening screws up to grade 12.9 are achieved or exceeded.

## 5 > SURFACE FINISH

- > blued (version C)
- > nickel-plated (version D)

## AN ATTRACTIVE, PRACTICAL AND HANDY ADVERTISING MEDIUM!

In your contacts with customers, there will frequently be occasions when a token of appreciation is helpful.

The SCHRAUB-boy is a sure way of achieving customer awareness. It is not only attractive, practical and handy, but also of outstanding quality. The body can be supplied in other RAL colours. All SCHRAUB-boys can be supplied, in quantities of 100 or more, printed with your company or advertising imprint (in one or more colours) applied by the tampon printing process, just as you require.

Give your business partners a SCHRAUB-boy Real quality as an advertising medium will bring you recognition and long-term success.

The SCHRAUB-boy is a super-practical mini-workshop in pocket-knife format. There are three different versions (ballended or TORX version – see Cat. pages 30 and 41). A really useful addition to professional and d-i-y toolkits. A single tool that fits in the palm of your hand and can perform up to 14 functions. Socket, TORX, or Philips screws are no problem, and, when refreshment is called for, there is even a bottle opener.

### Hexagon key (metric) with pilot

for DIN 6912 screws. CHROM VANADIUM, hardened and **nickel-plated**.

Order no.	SW [mm]	L1 x L2 [mm]	Weight [g]
<b>45377</b>	3	66 x 23	5
<b>45385</b>	4	74 x 29	10
<b>45393</b>	5	85 x 33	18
<b>45401</b>	6	96 x 38	30
<b>45419</b>	8	108 x 44	59
<b>45427</b>	10	122 x 50	103
<b>45435</b>	12	137 x 57	160
<b>45443</b>	14	154 x 70	260
<b>45450</b>	17	177 x 80	430

## No. 6911 BM7

### Key box (metric)

with metric hexagon keys DIN 6911 with pilot for DIN 6912 screws, 7-piece set.

Key: CHROM VANADIUM, hardened and **nickel-plated**.

Box: impact-resistant plastic.

Order no.	Contents: A/F	L x W x H	Weight [g]
<b>44867</b>	ISO 2936-2, 2.5; DIN 6911-3, 4, 5, 6, 8 mm	133 x 72 x 14	175

## APPLICATIONS

At angles up to 25°

- > speeds up work in hard-to-reach locations,
- > easy but still precise entry of key into socket.

## MATERIAL

Highly alloyed chrome-vanadium steel

- > ensures a long working-life, good torque-resistance, and optimum hardness
- > see table on page 14 for test torques.

## EXECUTION AND SURFACE FINISH

hardened, steel-grey (version C)

hardened and nickel-plated (version D)

### No. 911LG-C

### Ball-ended hexagon key - Key holder (metric)

9-piece set.

Keys: ball-ended hexagon keys (metric), no. 911LG, **long version**, CHROME VANADIUM, hardened and **nickel-plated**.

Holder: with slot for self-service rack

Order no.	Contents: A/F	Weight [g]
<b>46805</b>	1.5, 2, 2.5, 3, 4, 5, 6, 8, 10 mm	440

## No. 911LG-H100F

### COLOR ball-ended hexagon key 100° - key holder

9-piece.

Key: Ball-ended hexagon key **long version** (mm), **100° bend angle**, CHROME-VANADIUM, hardened, **chromium-plated** and **colour-coded**.

**NEW!**

Order no.	Contents: A/F	Weight [g]
47100	1.5, 2, 2.5, 3, 4, 5, 6, 8, 10 mm	390

#### Advantage:

- Find it fast
- powder-coated **colour-coding** by key width
- no more danger of mix-up.
- **Convenient 100° bend**
- better screw access through reduced length of the short shank
- secure working even in narrow spaces.

#### Dimensions:

Order no.	SW [mm]	L1 x L2 [mm]
47100	1,5	92 x 8
	2,0	102 x 8
	2,5	114 x 10

## PROFILE

The wave-profile provides a large surface for force and torque transfer  
 > optimum grip and long tool-life  
 > see table on right for test torques.

## MATERIAL

highly alloyed CHROME-VANADIUM steel

## EXECUTION AND SURFACE FINISH

> hardened and **steel-grey**  
 > hardened and **chromium-plated**

## SCREWDRIVERS WITH HANDLE,

for **TORX®**-screws, compliment the well-known advantages of this type of screw.  
 > best possible force transfer by handy gripforms.

Table showing **TORX®**-sockets for thread diameters and types of screw.

## TOOLS FOR THREADED FASTENERS FOR TRADE AND INDUSTRY.

Troughout the world, AMF is a hallmark for high-quality screwdriving tools for tradespeople and industry. Our products prove themselves millions of times every day.

### FROM DIN TO COMPANY STANDARDS.

Technical perfection is our standard. The results of this quality: a long working-life, precise transmission of force and thus the greatest possible safety, and user-friendliness in every detail. From socket wrenches to hook wrenches, from pin wrenches to open-ended spanners, from drill drift to fire hydrant key, we have a broad and balanced program of screwdriving tools. Made of alloy steels with appropriate plated finishes for all applications. The following pages will give you an overview of this wide spectrum.

### MADE-TO-MEASURE, FROM SMALL TO ENORMOUS.

One of our specialities is the manufacturer of special tools to customers' individual requirements. Special tools can also be made from existing ones but modified to meet your requirements. A drawing or sketch and the quantity required are all the information we need to quote.

Subject to technical alterations.

## No. 758S

### Adjustable face spanner set

with replaceable, hardened pin in two-component box, black-orange. Keys: Special steel, **zinc-plated**.

Order no.	A	Pin dia.	Box L x B x H	Weight [g]
50427	8-100	1.5, 2, 2.5, 3, 4	165 x 87 x 36	335

### Application:

Ideal for mechanics, maintenance and service technicians, at the workbench and for do-it-yourselfers.

### Advantage:

The adjustable face spanner set replaces 5 individual key sizes. The exchangeable pins (2 per size) are clearly stored in 2 separate boxes. The robust 2-component box protects the keys and the pins, and everything is always accessible.

## No. 758

\* Pin diameter = nominal diameter -0.1 mm (tolerance class h12)  
\*\* Standard size for commercially available angle-grinders and cutters.  
( ) DIN extended

### Note:

Size 13 has riveted pins.  
Sizes 13 and 15 without cut-out between pins for M8 and M10 nuts to DIN 547.

### On request:

Zinc-plated on request.

## DIN 3116C

### Wrench for 2 hole nuts

Special steel, **blued**.  
With electrically welded pins.

Order no.	A	dia. D*	L	L1	T	T1	Weight [g]
44651	18	3	140	4	4	15	95

\* Pin diameter = nominal diameter -0.1 mm (tolerance class h12)

### Note:

This wrench is used for adjusting timing belt tensioners (AUDI, VW).

Subject to technical alterations.

## No. 250

### Collet chuck key

for collet chuck nuts (ER) to DIN 6499.  
Special steel, hardened and **zinc-plated**.  
With hole for hanging up.

Order no.	Size	DIN 6499D (Size)	D	L	T	Weight [g]
52233	16	16	32	163	4	125
52241	20	20	35	183	5	190
52258	25	25	42	203	6	255
52266	32	32	50	253	6	359
52274	40	40	63	285	6	480
52290	50	-	78	350	7	810

## No. 250Md

### Key for collet chuck with torque-wrench fitting

for chuck nuts (ER) to DIN 6499.

Drive 1/2" square socket with ball-engagement groove.

Special steel, hardened and **zinc-plated**.

Order no.	Size	D	L	S	T	Weight [g]
52316	16	32	69	45	5	180
52308	25	42	85	60	6	200
52324	32	50	85	60	6	210
52340	40	63	85	60	6	220

### Advantage:

Controlled tightening prevents damage to spindle changing tools on a machine.

### Note:

The set value for the torque wrench is dependant on insertion dimension „S“.

The operating manual provided with your torque wrench contains the requisite information and calculation formulae.

### On request:

Other sizes available.

## No. 902Md

### Open-ended spanner with torque-wrench fitting

for clamping nuts. Drive 1/2" square socket with ball-engagement groove. Special steel, hardened and zinc-plated.

Order no.	SW	L	S	SW1 [inch]	T	T1	Weight [g]
52506	25	78	45	1/2	6	16	170
52514	36	101	60	1/2	7	16	255
52522	46	108	60	1/2	8	16	340

## DIN 317

### Drill drift

Special steel, hardened and **blued**.

Order no.	Size	for tapers Morse	for tapers Metric	B x T	L	Weight [g]
40147	0	0	4 + 6	12x 3	90	14
40154	1	1 + 2	-	20x 5	140	70
40162	3	3	-	25x 7	190	150
40170	4	4	-	30x10	225	310
40188	5	5 + 6	-	35x15	265	650

## No. 318

### Drill drift, semi-automatic for morse tapers

Special steel, hardened and **blued**.

Grip: powder-coated, red. With finger protection!!

Order no.	Size	for tapers Morse	Length [mm]	Weight [g]
40220	1 - 3	1 - 3	330	370
40238	4 - 6	4 - 6	380	530

#### Advantage:

- One-hand operation
- Pressure on the lever moves a gear rack between two opposing wedges (the other hand holds the tool to prevent it falling).
- Releasing tools using the **semi-automatic drift** helps prevent spindle damage.

## No. 960

### Socket wrench for coolant tubes HSK-A

(Hollow cone to DIN 69893)

Blade: Special steel, hardened and **zinc-plated**.

Grip: impact-resistant plastic (cadmium-free), black.

44792	60	M30	28,2	76	50	355	1750

The size given here is the diameter of the mandrel on the milling arbor.

Subject to technical alterations.

## DIN 22417A

### Triangular socket spanner

Special steel. Body and tommy bar, zinc-plated.

Order no.	Size	L1 x D1	L2 x D2	A1	S	Weight [g]
44354	M 4	90x10	50x 6	7,7	6,80	20
44362	M 5	100x12	65x 6	9,4	8,30	30
44370	M 6	115x14	80x 6	11,4	10,05	60
44388	M 8	125x16	100x 8	13,7	12,05	80
44396	M10	140x20	125x 8	17,1	15,05	160
44404	M12	160x22	160x10	18,9	16,55	240
44412	M16	180x25	200x12	23,5	20,55	400

\*The size refers to the screw diameter.

### Application:

These spanners are intended for triangular-head screws to DIN 22424 and nuts to DIN 22425. The M12 size is especially suitable for installing and removing steel and aluminium access-denial posts.

## DIN 905

### Screwdriver for square drive bolts

Special steel, body and tommy bar hardened and blued. Tommy bar pressed in.

## THE MANUFACTURE OF SPECIAL HANDTOOLS TO CUSTOMERS' INDIVIDUAL REQUIREMENTS IS AN AMF SPECIALITY.

Such handtools can be either specially designed and produced, or cost-effectively modified from an item in the comprehensive AMF product range to meet your needs. To start with, drawings or sketches and the required quantities are all we need.

Specials, just as you need them, in widely differing forms and versions. Top quality for a long working life. From specialists for specialists!

Please formulate your enquiry as accurately as possible. We assure you that we will reply by return. The details we need are given in the list below:

- 1) DIN designation or drawing no.
- 2) Quantity.
- 3) Across-flats size and angle of jaws (A).
- 4) Material:  
special steel, CrV steel or stainless steel.
- 5) Execution of edges:  
punch-rounded, broken by buffing, edge ground etc.
- 6) Thickness of spanner (B).
- 7) Strength requirements:  
hardened or unhardened.
- 8) Surface finish:  
blued, nickel-plated or zinc-plated.
- 9) Marking (C):  
company name, size, description.
- 10) For hook wrenches:  
hook form, pin diameter.
- 11) For pin spanners:  
pin spacing and diameter.
- 12) Delivery date.

Subject to technical alterations.

**No. 902**
**Open-ended spanner,  
single-ended**

stamped from steel sheet. Material, thickness, strength properties and other details to your specification.

## ... IN ALPHABETICAL ORDER

Description	Page	Description	Page
<b>A</b>		<b>K</b>	
Adjustable face spanner set	51	Key box (inch)	36
Adjustable hook wrench with nose	50	Key box (metric)	18
Adjustable pin wrench for nuts with 2 holes	51	Key for collet chuck with torque-wrench socket	18, 19, 22
<b>B</b>		Key holder, ball-ended (inch)	35
Ball-ended hexagon key - Key box	29	Key holder (inch)	35
Ball-ended hexagon key - Key holder (Combiclip)	29, 32	Key holder (metric)	20
Ball-ended hexagon key - Key holder (metric)	25	Key wallet (metric)	20, 21
Ball-ended hexagon key - Key wallet	30	Key wallets (inch)	36
Ball-ended hexagon key - Workshop stand (mm)	30, 32	<b>L</b>	
Ball-ended hexagon key (metric)	31, 32	Loose pin with nut	53
Ball-ended hexagon key (metric), long version	23	<b>O</b>	
Ball-ended hexagon key 100° - key holder	27	Open-ended spanner, single-ended	63
Ball-ended SCHRAUB-boy	30	Open-ended spanner with torque-wrench socket	56
Ball-ended TORX hexagon key	41	Open-ended spanners, double-ended, thin version	63
Biketool	9	<b>S</b>	
<b>C</b>		SCHRAUB-boy (metric)	9
Collet chuck key	55	Screwdriver for square drive bolts	59
Collet chuck key (Mini)	58	Socket wrench for coolant tubes HSK-A	58
COLOR ball-ended hexagon key - key holder	24	Special-Coupling wrench for fire hydrant couplings	64
COLOR ball-ended hexagon key 100° - key holder	27	Square ring spanner	62
Coupling wrench for fire hydrant couplings	64	Square socket key	60
<b>D</b>		Square socket spanner	61
Double hexagon key (metric) with ergonomic 2-component T-grip	31	Square socket spanner with T-grip	60
Drill drift	57	<b>T</b>	
Drill drift, semi-automatic for morse tapers	57	TORX angled key	37
<b>H</b>		TORX key holder	41
Hexagon key (metric) with ergonomic 2-component screwdriver grip	11	TORX key wallet	37
Hexagon key (metric) with ergonomic 2-component T-grip	10	TORX key with ergonomic 2-component screwdriver grip	39
Hexagon key (metric) with pilot	22	TORX key with small grip	39
Hexagon keys (inch)	33	TORX key with T-grip	40
Hexagon keys (inch), long version	33	TORX keys with flag-type grip	38
Hexagon keys (inch) with T-grip	34	TORX SCHRAUB-boy	41
Hexagon keys (metric)	14	TORX workshop stand	40
Hexagon keys (metric), long version	14, 15	TORX-PLUS keys with flag-type grip	38
Hexagon keys (metric) with screwdriver handle	14, 15, 15	Triangular socket spanner	59
Hexagon keys (metric) with T-grip	12	<b>W</b>	
Hexagon socket spanner with T-grip	62	Workshop stand (inch)	34
Hinged hook wrench with nose, assembly version	46	Workshop stand (metric)	11
Hinged hook wrench with nose, industrial version	48	Workshop stand (metric), metal	11, 13, 17
Hinged hook wrench with pin and and torque-wrench fitting	50	Wrench for milling arbor screws	11, 13, 16, 17
Hinged hook wrench with pin, assembly version	47	Wrench for 2 hole nuts	54
Hinged hook wrench with pin, industrial version	49		
Hinged pin wrench for nuts with 2 holes	52		
Hinged pin wrench for nuts with 2 holes with torque-wrench fitting	53		
Hock wrench with pin	45		
Hook wrench with nose	44		
Hook wrench with pin	45		

These conditions of sale apply to business conducted with companies, legal entities in the public sector, and legal entities with special budget in the public sector. Our deliveries and services are carried out exclusively on the basis of the conditions stated below. Deviating purchasing conditions of the buyer will not become part of the contract, not even through acceptance of the order, unless we have expressly accepted them.

## 1. Offer and entering into a contract

The basis of our delivery contracts is the latest edition of our catalogue. Orders are not considered as accepted until they have been confirmed by us in writing. When goods are supplied from stock and, for organisational reasons, you receive no separate confirmation, the invoice has the additional function of confirming the order. Details of dimensions and weights, and illustrations, drawings and data are not binding and may be changed by us at any time. Deviations cannot be excluded.

## 2. Prices

Prices are quoted in EUR ex-works excluding turnover tax, packing, freight, carriage, and insurance. Unless otherwise agreed, our list prices on the day of delivery apply. In order to cover our costs, orders under EUR 50.– net value are subject to a small order surcharge of EUR 10.–.

## 3. Delivery

Delivery delays are quoted to the best of our knowledge but without guarantee. Agreed delivery delays begin on the day we accept the order and refer to the completion of the goods in our works.

## 4. Transfer of risk

Risks are transferred to you when the goods are passed to a specific person, company, or organisation that is charged with the execution of carriage of the goods. This applies also to partial deliveries and when we have accepted the costs of carriage, delivery or erection. The risks are also transferred to you when you have defaulted on acceptance.

## 5. Dispatch

Goods are supplied ex-works. Dispatch is at your cost and risk. Scheduled, FOB, and CIF deliveries are also at your risk. In the absence of specific instructions concerning dispatch, we will arrange same as we think fit, but without accepting any responsibility for choosing the cheapest or most suitable method of dispatch. We make a handling charge of EUR 5.– if goods are sent at your request to a third party. You accept that your order can be supplied in partial deliveries insofar as this is reasonable.

## 6. Reservation of proprietary rights

Goods delivered remain our property until payment of all claims has been received in full or until redemption of cheques given in payment. The cancellation of individual positions in an open invoice and the drawing of a balance and its acceptance do not affect proprietary rights. You have the right to dispose of the goods as a normal commercial transaction, but you are forbidden to pawn, mortgage, or transfer ownership of them in settlement of a debt or debts. You surrender to us herewith your right to payment for goods for which we reserve our proprietary rights. You have the right to collect these payments as long as you meet your obligations to us. If we request it, you are obliged to name the third party and we have the right to publish this information and the transfer of rights.

## 7. Cancellation rights due to late payment or insolvency

If you do not pay for the goods by the time payment is due, and if you have not paid after expiry of a reasonable time limit set by us, we have the right to withdraw from the contract and demand the return of goods already supplied. Rights under § 323 BGB (BGB = German civil law code) remain otherwise unaffected. Application for the opening of insolvency proceedings gives us the right to withdraw from the contract and demand the immediate return of goods supplied before the bankruptcy court orders protective measures.

## 8. Packaging

Packages comply with the German packaging regulations (WO). Disposable packaging is charged at cost. The packaging is not returnable.

## 9. Tooling costs

In the absence of any agreement to the contrary, tooling made for the execution of an order remains our property in all cases. This applies even if we have made a charge for a proportion of the tooling costs.

## 10. Payment

Our invoices are payable net within 30 days of the date of the invoice, or with 2% discount if paid within 10 days. Invoices below EUR 50.– are payable immediately without discount. Our credit notes and your charges on us reduce the amount subject to discount. Late payment entitles us to interest at the rate the bank charges us for a current account overdraft but at least 8 percent above the current base rate of the European Central Bank. If payment is overdue, we are entitled, after giving you notice in writing, to cease fulfilling our obligations under the contract until payment is received.

## 11. Offsetting exclusion

You can only offset payments with legally-established or unopposed counter claims.

## 12. Guarantee

If you come to an agreement with us on properties of the goods, we include this agreement in our technical specifications. If we have to supply to your drawings, specifications, samples, etc., you accept the risk associated with suitability for the intended purpose. The point in time at which risk is transferred is decisive for the contractual condition of the goods. The deterioration of parts subject to wear in the course of normal use does not constitute a defect. If the goods supplied are defective, we will – at our choice and within a reasonable time limit set by you – supply a replacement or repair the goods. If such repair or replacement is not satisfactory, you have the right to reduce the price or withdraw from the contract. Any further guarantee claims are excluded. Recognisable defects must be notified at the latest within 10 days of receipt and defects that are not recognisable must be notified as soon as they are discovered. The guarantee period is 24 months and starts with dispatch of the goods from our works.

## 13. Hindered or impossible performance

If we are prevented from meeting our obligation by some unforeseeable event (e.g. disruption of our plant, or delay in the delivery of important raw materials), which, in spite of taking all reasonable care appropriate to the circumstances of the case, we have been unable to avert, and it has become impossible to execute the delivery or service punctually, the delivery delay will be extended to an appropriate extent.

## 14. Liability

Except in the case of injury to life or limb, or damage to health caused by our breach of duty, we are only liable in the event of intent or culpable negligence on our part.

## 15. Customer specials

Orders for customer specials must be in writing and include binding details of execution, quantities etc. For technical reasons we reserve the right to supply 10% more or less than the quantity specified. If technical changes or cancellations are required, the costs incurred will be charged to the customer.

## 16. Deliveries of samples and return of goods

Samples will be charged. When goods have been sent for testing or as samples, we will credit you with the additional price against subsequent orders, as long as the net contract value is at least EUR 125.–. The return of goods is only possible with prior agreement. Customer specials may not be returned. For goods returned for reasons outside our responsibility (e.g. wrongly ordered), we charge 10% of the value of the goods but at least EUR 7.50, to cover administration costs.

## 17. Place of fulfilment, court of jurisdiction

The place of fulfilment for all obligations arising from this contract is D-70707 Fellbach. The court of jurisdiction for any legal dispute arising from this contract is D-71332 Waiblingen. (All disputes that arise from this contract or about its validity will be decided by a court of arbitration according to the Arbitration Rules of the German Committee for Arbitration Courts/Settlement and Arbitration Procedure of the International Chamber of Commerce. Such decisions will be final and normal legal procedures are excluded.) German law applies (BGB and HGB = civil and commercial codes). The application of UN purchasing law (CISG) is excluded.

## 18. Validity clause

If individual conditions should be found to be not legally valid, the remaining conditions continue to apply. The invalid conditions will be replaced by conditions which fulfil as closely as possible the commercial intent of the contract with reasonable consideration of the interests of both parties. With the publication of these Conditions for Sales, Deliveries and Payment, all previous versions become invalid. This does not apply to contracts agreed before publication.
